

Felo-de-se

(felo-de-se : the act of suicide or a person who commits suicide.)

I have built walls around me
As I hid inside my shell
I've also pushed people away
And kept all the pain and sorrow inside me
I'm drowned by my own tears
I've struggled for years to face my fears

I was so lost, I felt so alone
I am very depressed
Everything now seemed hopeless
With no one to call my own

My life has been shattered
My dreams have been crushed
I am nothing, I am nobody
I am but a worthless person

All I see is darkness
Perhaps death is the only way out
For the pain I feel is too much to bear
And no one seems to care at all

I was abandoned, and isolated,
Taken for granted or disregarded
I became invisible in everyone's eyes
I see no reason for my existence
I am living in a world of hopelessness and lies

What is the purpose of living
When I don't even know what happiness means
It feels like all the world's burden
Had been cast upon my shoulders
I don't deserve all these

Perhaps if I commit suicide
It'll free me from all this pain
Everything might fall into place
If I simply shot myself and bleed to death
The pain inside me will be more valid
If I let the blood flow along with my tears
Maybe when I reach my death, my troubles will also end

Who will grieve for me anyway?
It'll just be merely a passing death
Because none of you were there for me
Not even tried to understand me at least

But if I kill myself now
I will also no longer be able to see
What could have been on the other side

Of the blinding darkness that has clouded my senses
Because amidst all these
The only reality is I am dying to seek help
Hoping it'll come the soonest possible as it can be

Will you be kind enough to listen to me
I don't need you to sympathize nor err with me
I just need someone who will lend his ears
Or a shoulder to cry on so to speak
As I am now knocking on death's door

I hope for once, you'll take one last look of me
And spare me some of your precious time
All I need is to let this feeling out
Or else you'll never know what's it all about
For I will carry the story upon my grave

That day might be too late
For you to ask why
Because death has already taken me
If only you can take me now out of the darkness
And make me believe that life is more powerful than death
Please, please! All I need now is your help
Please save me from a hapless death!
